

ABOUT T²M

T²M

T²M – the International Association for the History of Transport, Traffic and Mobility – was set up in 2003. T²M's mission is the establishment of a collegial association of scholars, practitioners and concerned citizens to encourage and promote an understanding of the historical interaction between transport, traffic and the mobility of people, material objects and ideas. The association invites participation by anyone sharing an interest in its activities. Membership of T²M ensures a vital connection with like-minded individuals and institutions around the world. Benefits include a print subscription to the *Journal of Transport History*, discounted registration at the annual meetings, and a quarterly electronic newsletter. From 2009 a yearbook will be part of the membership benefits, with the goal of providing an annual overview of the field's scholarship.

T²M is incorporated as a non-profit, interdisciplinary educational organization. Our executive secretary's office is located in Helmond, The Netherlands. The Association provides an international forum through the biannual *Journal of Transport History and* (published by Manchester University Press in the UK), through its newsletter and email list, through its annual meetings in Europe, North America and elsewhere, and through the coming annual publication. It also supports travel to meetings by new researchers; awards for scholarly essays (the **John Scholes Prize** and the **Cornelis Lely Prize**) and oral presentations (the **Barker and Robbins Prize**); and collaborative educational efforts with other educational organizations.

Since 2003, T²M has organized a yearly conference, resulting in a growing network of researchers presenting high-quality papers. With new ventures such as Theme Groups and a regular newsletter, T²M continues to be an exciting and innovative association.

The ECMD (European Centre for Mobility Documentation) is the T²M Secretariat:
